Besides, they said, they are now in the busiest part of their busiest season and thought it unjust to interfere with the trade now.

If the law were enforced, they argued the result would be a potato famine in New York. They discussed interstate commerce and the different weight and measure standards of the different States.

'Now don't go into interstate commerce," said the Commissioner. "The only question here is the standard barrel of New York city, and if the Norfolk barrel or any other barrel that does not come up to this city's legal standard sent here and any of you dealers sell it as a barrel of potatoes I have the right to take you by the arm and lead you to the nearest police station and charge you with a misdemeanor. I'm paid to uphold the law, and when I start in to enforce it I am answered with threats of a potato famine and that I am interfering in the busiest time of the year. Nevertheless I can't sit here and close my eyes to open violation of the law.

suffrage conciliation bill was resumed in the House of Commons this afternoon. It came to a serio-comic conclusion. Two divisions were taken. The first of these ordered the advance of the bill by a majority of about 100; the second laid it away in lavender for the rest of the easion by a majority of 145.

LONDON. July 12.-The debate on the

Winston Churchill, the Home Secretary opposed Mr. Shackleton's bill. He said he thought the women's grievances were greatly exaggerated. They were a privileged class upon the statute book, he declared, and besides that the great mass of women did not want to vote.

Premier Asquith also opposed the bill. He argued that it was better to maintain the distinction of sex, which had heretofore been recognized by the British parliamentary system and by every great civilized nation in the world. There was, he said, a large neutral ground for work open to men and women jointly, and there was no reason to invite or compe women to compete with men daily in national and imperial work

The Prime Minister said the bfl omitted class of women who were best fitted to have votes, namely the wives and mothers of the working class, while it admitted a number of property owning women to the franchise. He regretted to what would happen if the bill were thrown out by the House. He believed that a cause which could not win by persussion, argument or peaceful agitation was one which pronounced its own sen tence of death.

Mr. Balfour, the opposition leader said he agreed with Mr. Asquith's last remark, but differed with him in not seeing the logical connection between giving the vote and seats in Parliament Balfour went on to say that with the development of political institutions things for granted. and instincts the sex bar to the franchis was no longer tolerable

Lloyd George, the Chancellor of the Exchequer, said that although he was a missionary work among the Alaskans in believer in woman suffrage he was unable regard to the President's plan to change to support the present bill. After other speakers had aired their views a division was taken on the bill with the result introduced in Congress last winter, but that 200 voted for the measure and 190

LOEB OUT OF IT FOR GOVERNOR

As to the Prospects of Bennet and Willcox.

Pinchot Patted on the Back in the Contributing Editor's Office Bennet Got No Pats Woodruff and Congressman Fowler to Visit the Colonel To-day

OYSTER BAY, L. L. July 12.-Gov Hughes was the guest of Col. Roosevelt at Sagamore Hill to-night, and the much talked about conference between the two men was held. They discussed the political situation in New York State and talked over many other things, but neither desired to make any statement egarding the conference. Col. Roosevelt sent down word to the reporters that he had nothing to say. He said that he will make no statement. Noither

will Gov. Hughes. The Colonel's talks with Speaker Wadsworth and Congressman W. S. Bennet in New York to-day and the lively interest be has manifested in Republican affairs in the State served to make to-night's confab all the more interesting. The mention of Loeb's name as a possible Gubernatorial candidate in the fall was another factor that added to the interest. It is almost certain to-night, however, that Loeb will not seek the nomination. There is a very slim chance that if the Governor and the Colonel did bring up the question of Gubernatorial possibilities the name of the Collector was seriously

onsidered The Governor arrived at Sagamore Hill early in the evening and had dinner with Col. Roosevelt and his family. He came down with William R. Willcox, chairman of the Public Service Commission, in Mr. Willcox's auto. Gov. Hughes and Mr. Willcox are warm personal friends. Inasmuch as the Public Service Commissioner has been mentioned several times during the last few months as a possible candidate for Governor there was some speculation here as to whether he would remain at Sagamore Hill and enter into the conference. Mr. Willcox did not stay. He

left soon after Gov. Hughes's arrival. The Governor's military secretary Major Frederick M. Crosset, tarried as Mr. Roosevelt's guest. After dinner Gov mbly of Georgia this afternoon ratified Hughes and the Colonel retired to the library of the big house on Sagamore Hill. There they sat until late. Direct primaries, the Governorship York, the machine, insurgents and the Supreme Court bench-probably all of these topics were discussed, but only the Colonel and the Governor know to-night what was said, and they have refused to tell. The Colonel was prime for the conference after to-day's happenings in the Outlook office.

It is expected that Gov. Hughes will leave Oyster Bay by auto early to-morrow morning. He will probably go to Wash ington in the afternoon. The announce ment by Col. Roosevelt that State Chair man Timothy Woodruff will be here for luncheon and a conference to-morrow indicates that the Colonel is going to keep himself well posted on the entire situation in the State. Other State leaders will be here later. Congressman Charles N. Fowler of New Jersey will be the only other political visitor to morrow, so far as can be learned to-night He is the third man who is running for the United States Senate to call on Col Roosevelt during the past week or so Albert J.
